

Spirit Delivery Planning

The delivery plan of project deliverables is a strategic element for every Project Manager. The goal of every project is, in fact, to produce a result that serves a specific purpose. With the word purpose “we can mean the most disparate goals: a software program, a chair, a building, a translation, etc.”...

In Project Spirit Delivery Planning is one of the processes of Completing the project and Showing the Time Line of the Project Planning. This Delivery plan helps to understanding the process and Work Flow of the Project working by the Team Mates.

Every Single Modules are assigned to the team mates to show case their work and contribution of developing the Project.
